

Michigan Site Plans & Surveys

PROJECT DESCRIPTION

The Mannik & Smith Group, Inc. (MSG) has been providing civil engineering and surveying services for a major cemetery firm. Services have been provided for office buildings, mausoleums and infrastructure improvements at numerous properties throughout the State of Michigan. Listed below are some of the Michigan communities that MSG has served:

- ◆ Superior Township, Washtenaw County
- ◆ City of Westland
- ◆ Bryon Township, Kent County
- ◆ City of Livonia
- ◆ Clinton Township, Macomb County
- ◆ Blackman Township, Jackson County
- ◆ Ann Arbor Township, Washtenaw County
- ◆ City of Novi
- ◆ Windsor Township, Eaton County

MSG developed concept plans for each site to address the client's and the community's requirements. MSG represented the client by participating in coordination meetings with the municipality, and during public hearings. MSG was also responsible for preparing required submittals and site plans. MSG provided the coordination of additional requirements such as landscaping, tree preservation, curb cuts, sewer taps, water service, drainage approvals, erosion control best management practices, and other required design parameters.
